LETTER OF NOTIFICATION AND FORMAL INVITATION:
SECOND CHANCE TALENT HUNT

Dear Sir/Madam,

I am writing on behalf of Royal Crest Football Club to formally notify the Lagos State Football Association of our upcoming grassroots sports development program in Ajegunle Apapa, Lagos State.

Ajegunle has historically been the bedrock of football talent in Nigeria, producing legendary players who have represented our nation on global stage. Our objective with this talent hunt is to discover, mentor, and elevate the next generation of raw football stars from vibrant community, giving them a structured pathway to professional excellence.

Driven by principles of humanity and impartiality. We are working in collaboration with NGOs focusing on using football as a mechanism to prevent negative vices amongst the youths in our society, by so doing, Royal Crest Football Club is outrightly bringing it to the notice of the Lagos State Football Association that the event is centered on social responsibility and humanitarian impart.

Given the LSFA's paramount role in governing, developing, and safeguarding football across Lagos State, we recognize your association as the ultimate custodian of this initiative. Your endorsement and participation would lend immense credibility and momentum to this landmark event.
